## **COFFEE HOUR IS NOT TRIVIAL**

A very important part of Sunday worship come, interestingly enough, *after* the worship service, in the fellowship time which follows. This is the *ministry* we call *Coffee Hour*.

By offering refreshments (coffee, tea, etc.) people hang around and it is during that time that significant things can take place. A visitor can be properly welcomed and we begin to build new friendships. It can also be a time for members to connect with each other and share in joyful celebrations or offer support to each other during times of struggle.

We can also connect with “ministry representatives”, that is, members of our various boards and committees. It gives you an opportunity to “network” and develop interests in your committee and hopefully fill vacant slots that occur or create a list of individuals who may be interested in helping with scheduled projects.

Coffee hour should be viewed as a great seed – planting opportunity rather than a drudgery; a blessing rather than a burden.

*Enjoy those coffee hours!!!!*

## Terryville Congregational Church Coffee Hour Instructions

### **The following supplies are provided by the church for coffee hour:**

Decaf Coffee	Cups
Tea	Napkins
Creamer/Milk	Paper Plates/Plastic Silverware (if necessary)
Sugar	

### **Coffee:**

You will need to prepare 60 cups of coffee. You should start to percolate it before service starts so it will be ready by the time service is over. Coffee is in a can in the cabinet to the left of the sink. You will need 3 cups of grounds to 60 cups of water (fill to #60 line on large silver percolator). Plug it in and let it brew. We usually only brew decaf coffee. However, if we have regular coffee in stock you may choose to make percolate some regular coffee too in a separate coffee maker. The suggested split would be 40 cups of decaf & 20 cups of regular.

### **Hot Water**

Fill the small silver electric hot water tea pot with water. Plug it in the outlet on the counter in the social hall near the water fountain (make sure pot is pulled out from under cabinets).

### **Cups**

Styrofoam cups should be in the same cabinet with the coffee. Use about 50 for coffee and 10 for tea. Place 25 cups on the left of the coffee hour table and 25 on the right. Place 10 cups on the counter near the hot water tea pot.

### **Sweeteners, Stirrers and Creamer/Milk**

You need to prepare three containers with a combination of sugar, Sweet N Low, Equal and/or Splenda packets. You will find them on the shelf under the cabinet in the kitchen closest to the small refrigerator. Two containers will go on the coffee hour table. One container will be placed next to the hot water. Pour the milk and half n half just before coffee hour begins. Two pitchers of half n half should be on the coffee hour table (one on each side) and one container of milk should be placed with the hot water. Empty pitchers can be found in the kitchen under the cabinet where the coffee pot is plugged in. Place four spoons on the coffee hour table and one placed with the hot water. Don't forget to put out a basket or container with the tea bags in it.

**\*\*NOTE: THE COMMITTEE OR PERSON(S) HOSTING COFFEE HOUR CAN CHOOSE IF THEY WANT TO PROVIDE SNACKS, JUICE, PUNCH, ETC. WITH THE COFFEE & TEA.\*\***

### ***Instructions for optional snacks, juice, punch, etc.***

#### **Cookies, pastry, cheese/crackers, etc.**

Cookies or other snack items should be placed on a platter and put on the same table as the punch (if included punch or juice).

#### **Punch (recipe: ginger ale, fruit juice, and ice (the church does not have ice onsite))**

Use the enclosed punch/juice dispenser (found on the kitchen counter) and empty one container of fruit juice to one half to two thirds of ginger ale. Just before everyone comes down from service, add the bag of ice. Punch cups are located in the upper cabinet all the way to the right of the sink.

#### **Miscellaneous**

You should put out napkins on the coffee hour table, the punch table and the counter with the hot water for tea. Please remember to put out a basket for donations.

#### **Setoa - Samoa - Agriculture**

Setoa is 35 years old with 4 children. To earn a living, she operates a business selling banana and taro in her community. She has been doing this for more than 2 years. She works diligently in sustaining her plantation to produce better quality. Setoa requested a loan to buy banana tube, taro roots, wheelbarrow, water tank, hand gloves, rake, shovel, chemicals, back blower to assist her in running the business. She hopes to use her business profit to expand her business.

#### **Fernando - Peru - Artisan**

Fernando is an artisan from Peru who specializes in hand-carved wood sculptures with silver details. He requested a loan to invest in a bulk purchase of cedar wood. Fernando says, "While I was still very young, my parents began showing me how to select wood. I eventually mastered all the finer details of woodcarving. Over time, I've developed and perfected my own style that maintains my family legacy. My sculptures convey our traditions, religion, and the details of our daily lives. I am proud that my workshop can give work to people in my community and teach them that our art can provide a decent living." Use the link below to view Fernando's hand-carved wood sculptures with silver details on the Novica site: <http://www.novica.com/kiva/11232/>

### **New Loans**

#### **Nina Ramona – Ecuador - Sanitation**

Loan to buy bathroom fixture, ceramics, faucets, pipes, and other construction materials.

They live in El Carmen, a place with honest and hardworking people who, thanks to their work, get ahead. She is a hardworking woman who looks for ways to earn her resources and use them to help her family get ahead. They organize trips and tours to various tourist sites in the country. They have transportation, and her husband is a professional guide. They make trips to some volcanoes and mountains. There she takes the opportunity to sell or rent clothes and boots and other needed equipment for expeditions to volcanoes. However, they still live with certain needs at her house. That is why she is requesting a loan. She wants to build a bathroom because what she has does not cover her family's needs as well as getting a kitchen counter that her family really needs.
